

PAPKE IS STILL CHAMPION

Defeats Hugo Kelley of Chicago the First Round of a Forty-five Round Go

KELLEY NEVER STRUCK PAPKE

Middleweight Championship Easily Won With Only a Few Blows, All of Which Landed on Kelly, Knocking Him Down and Out.

SAN FRANCISCO, May 15.—One minute and thirty seconds of the scheduled 40-round contest was sufficient to demonstrate that Hugo Kelly, of Chicago, is no match in speed or skill with Billy Papke, the Illinois thunderbolt. At the end of this brief period, after a half dozen short rallies, Papke stood unmarked, while Kelly lay unconscious in the center of the ring, with a deep cut over his right eye and his chances for the middleweight championship gone glimmering.

Papke apparently toyed with his opponent. In several clinches he smothered Kelly's attempts at infighting and pushed him away, only to land stinging rights and lefts that found Kelly almost unprotected. Kelly lost the battle when Papke landed his first clean right and left to the jaw. He went to the floor with a count of nine and arose without sufficient vitality to resist the finishing punches prior to which Papke had shot a terrific left hook to the temple which laid open an inch-long gash just above Kelly's right eye. Papke's wonderful speed and strength was the feature of the brief contest, at a battle which took place in the open air and was witnessed by approximately 6000 people, and was the fourth meeting of these rivals. Papke was the favorite in the betting at odds of 10 to 8. Papke's victory carries with it the middleweight championship title.

BAD MAN IN JAIL.

LAMAR, Colo., May 15.—Harry Starr, arrested in Boise, Ariz., on the charge of robbing the bank at Amity, Colo., in January last, reached here last night and taken to the county jail under heavy guard. Starr was in the custody of Sheriff Simpson and Detective Fenton who stated their trip had been without incident. During yesterday several men rode into Lamar from the Southern part of the county, where the Starr gang formerly flourished. Local officers, however, thwarted any possible attempt to rescue Starr by having a heavily armed posse at the station to convey the prisoner to jail.

START RUMOR. Death Precedes Rumor of Death

SAN FRANCISCO, May 15.—Twelve hours before he was crushed to death beneath his overturned automobile, the rumor spread throughout this city that Perry Morse, a well-known young seed-grower had been killed on the road between here and Watsonville. Late yesterday, just 12 hours after the rumor was circulated, Morse was found fatally crushed beneath his wrecked machine. But in the meantime Morse had driven into town.

After circulating about for some time to show his friends that he was really alive he departed alone in the car for Watsonville and a few hours later he was found dying underneath his overturned automobile. The tragic death of Morse coupled with the strange rumor which preceded it has caused much excitement here.

INTERSTATE RATE POSTPONED

Interstate Commerce Commission Holds a Meeting and Decides to Postpone.

PRESENT RATES WILL STAND

All Railroads Involved Were Notified After Meeting and Will Work Under Old Rates Until Case is Finally Settled by the Commission.

WASHINGTON, May 15.—After the result of several conferences the interstate commerce commission today announced the postponement from June 1st to July 1st as the time for the taking of effect of its decision in the Spokane rate case. The railroads involved are the Northern Pacific, Great Northern, Union Pacific, Oregon Railway & Navigation company, Oregon Short line and the Chicago & Northwestern. Each of the companies were today notified of the decision, and also the assignment of the case for hearing on June 9. The railroads will on July 1st put into effect, in accordance with the decision of the commission, what are known as class rates from the Pacific Coast points to Spokane which are 16 2-3 per cent lower than the present rates, but not as low in proportion as those ordered by the commission. Commissioner Prouty stated today that the commission had declined to express an opinion either way as to the reasonableness of the reduction in rates from the Pacific Coast and the commodity rates from the east to Spokane and that the question had been deferred for future consideration. The purpose of the proposed hearing is to allow any possible objection that may be made to the filing of the rates on the short time notice.

ACCIDENTAL SUICIDE.

Man on Operating Table Disobeys His Surgeons and Dies.

OAKLAND, May 15.—According to the surgeons of the receiving hospital here, George Turner, a teamster, who was accidentally crushed beneath his wagon and a hitching post, committed accidental suicide while he was on the operating table. Suffering awful agony from his terrible injuries, Turner, disregarding the surgeon's warning, rolled over in an effort to relieve his pain. In moving he drove the jagged ends of a broken rib into his heart and lungs and a moment later expired. The death of Turner was particularly pathetic as he had been married only a week.

GOOD FOR SHIPPY!

CHICAGO, May 15.—Chief of Police Shippy has issued a sweeping order to prevent crime, vice and destitution among children. In the daily bulletin of the police departments he instructs the police when they find a boy smoking cigarettes on the street to get his name and address so that his parents may be informed. When a youth is seen leaving a saloon with beer or other intoxicants the police are requested to get the name and address of his parents and the name of the saloonkeeper. The same procedure is stipulated for sellers of tobacco, cigarettes, the renters of rooms to youth and the billiard hall owners who permit boys to play and lounge around such places.

CRIMINAL FROM CHOICE.

SEATTLE, May 15.—Swearing that he would never earn an honest living under the Stars and Stripes, Larry Kelly, known now as "King of the Smugglers" left the Confederate Army after Lee surrendered at Appomattox. Kelly says he has kept his word. He will now, approaching his 70th birthday, start serving an other prison term. He must serve one year in the United States penitentiary on McNeill's Island for smuggling. He had just finished serving a term when he was arrested on the charge of which he has just been convicted.

GET \$750 PLUNDER IN STORES.

Robbers Flee on S. P. Tricycle—\$100 Reward Up For Capture.

HALSEY, Or., May 15.—For two or three days suspicious characters had been loitering around Halsey, but yesterday morning they were gone. So was considerable property belonging to McCully Bros. & Company and the hardware store of Cross & White. From McCully Bros. & Co. the robbers took what loose change they found in the tills and a quantity of silverware and jewelry, some hats and perhaps some suitcases, as the show-case under where the suitcases were stored was smashed as if from a man trying to stand on it. Another expensive case was broken. They emptied several sacks of oyster shells on the floor of a back room, and perhaps used the sacks to carry their plunder in. A fine new safe which the firm purchased about a year ago was drilled ready to load, but they either gave up the project or were frightened by some noise. McCully Bros. & Co.'s store was robbed about a year ago, and no trace of the robbers was ever discovered.

From Cross & White's hardware store they took about \$50 worth of pocket knives and razors and what change they found in the tills. A bunch of church funds stored in the corner of one till was left undisturbed. McCully Bros. & Co.'s loss is about \$700. Two posses started in pursuit from here. Their only clue is a broken tricycle, which they left about a mile north of town. Several people heard the men speeding down the road, but thought section men had been ordered to some special work. One hundred dollars reward is offered for their capture.

TAFT, OF THE G. A. R.

WASHINGTON, May 15.—Mr. Taft is to become an associate member of the Grand Army of the Republic. A large party of veterans from posts in New York City and Mount Vernon, N. Y., reached Washington last night and today will visit the White House for the purpose of initiating the President. The movement permitting associate members to join the organization was started a few years ago when veterans began to thin out and "associate members" were desired among such men who could be of assistance in maintaining these posts and keeping a live interest in the organization.

MRS. LARGE DROPS HER DIVORCE CASE

HUSBAND HAD PAID NO ATTENTION TO PROCEEDINGS—THOUGHT IT A JOKE.

HILLSBORO, Or., May 15.—Divorce proceedings against Dr. C. L. Large, brought this week at Hillsboro by Mrs. Large, have been dropped and the complaint has been withdrawn. The complaint came as a surprise to the physician who says that while he had heard his wife make some remarks about intending to separate, he had thought she was only joking and had paid no further attention. Mrs. Large is of a sensitive disposition and she thought Dr. Large meant a good many of the utterances he declares were due only to his being in a hurry or being overworked. "I get busy sometimes," said Dr. Large, "and it's my nature to say things sometimes when I'm not altogether in earnest. My wife didn't understand that, it seems, and somebody persuaded her she would be happier without me."

"I have a very sensitive temperament," said Mrs. Large, "and when the doctor spoke crossly or hastily, I was sure he meant it all. When the complaint was served on him, he at once explained, and that made everything all right."

Dr. and Mrs. Large are again living together in Forest Grove, with their three-year-old daughter, Lucile.

CHIEF CAMPBELL ROBBED

Thieves Break into City Hall and Steal Valuable Papers Belonging to Chief

FIRE HYDRANT DOCUMENTS

Papers Stolen Were Relied Upon by Chief Campbell in Hydrant Investigation Case and Persons Interested Believed to be the Guilty Parties.

PORTLAND, May 15.—Another sensation in the political history of Portland was sprung today when unknown marauders broke into Fire Chief David Campbell's apartments in the City Hall last night, pried open his desk, and stole all the papers containing the data on which he relied to protect himself during the investigation as to the responsibility for the delay in installing fire hydrants. No papers were abstracted except those figuring in the attacks of which he has lately been the object. Duplicates for all, however, are kept in a safe.

Investigation by Police Detectives Hyde and Reed shows that entrance was effected with a key. The locks, being of a patent variety, were not picked, and the theory of the authorities is that the crime was committed either by one of the holders of the keys or through his connivance. The method of work adopted by the burglar tends to indicate that he was familiar with the premises and the habits of the Fire Chief, or was carefully informed as to what would be necessary to procure the coveted documents.

News of the burglary spread quickly after its discovery by George Urquhart, the janitor, about 6 o'clock this morning, and caused considerable excitement. Many City Hall attaches and others inspected the premises. Among the number were Councilman George L. Baker and Chief of Police Gritzmacher, who personally instructed the investigating officers to do their utmost to place the responsibility for the outrage.

RESTORE FORMER RATES.

Arrival of Kansas City Means Old Fare to Frisco.

PORTLAND, May 15.—On the arrival of the Kansas City from New York, it is reported that the passenger fares between Portland and San Francisco on the Harriman steamers will be restored to \$10 and \$15, the same rate as charged by the North Pacific Steamship Company, operating the Roanoke and Geo. W. Elder out of here in the coastwise trade. The fare on the steamers operated by the San Francisco & Portland Steamship Company was slashed more than a year ago, in order that they might compete successfully with the large number of steam schooners running out of here to San Francisco, which were carrying passengers for \$8 and \$12. But owing to the Fair and other attractions on the Coast this Summer, it is claimed that the steamers will be unable to take care of the heavy traffic, and the old rates might as well be restored. Steerage passengers on the Harriman steamers are now carried at \$5. The Kansas City is expected to arrive the first week in July. Until then the State of California will be kept on the route.

WERE VICTIMS OF A CONSPIRACY

Martin Kvalshaug Killed by Chas. F. Newcomb and Man and Woman Have Confessed to Police

Newcomb, a laundry wagon driver named Martin Evalshaug, 31 years old, was shot down in cold blood at midnight last night just after alighting from a street car on the outskirts of the city. TACOMA SUICIDE SENSATION

Man and Woman Register at Cecil Hotel and Woman Shoots Herself

CONSORT WAS INTOXICATED

Registered at Seattle Hotel as Man and Wife and Man Became Despondent Over Financial Troubles and Both Agreed to Suicide.

SEATTLE, May 15.—A man and woman who registered at the Cecil hotel here this morning as "H. O. Eames and wife, Tacoma," are believed to have come to this city for the express purpose of committing suicide together and the woman is dead in the city hospital with a bullet wound in the left breast. The couple were shown to a room and four hours later a pistol shot was heard by the clerk who, upon entering the room found the woman in bed bleeding from the wound and the man stupid drunk from drink. The woman was taken to the city hospital where she died without being able to speak.

Eames told the police that the woman's name was Mrs. Anna Burke; that he had come from Denver with her two years ago; that they lived at 702 C street, Tacoma, as man and wife. That he had been drinking for several days and became despondent over financial troubles, they had decided to come to Seattle and kill themselves. While he was absent from the hotel room, Eames says, Mrs. Burke took his pistol from a bureau drawer and shot herself. The police believe Eames' story as they found the pistol under the bed clothes where it had been dropped from Mrs. Burke's hand and in her valise they found more than a pound of cyanide of potassium which she had bought this morning from a druggist in Tacoma. Eames says Mrs. Burke was 30 years old and attractive. Eames is about 35 years of age.
